No. 709.—In exercise of the powers conferred by sub-section (1) of section 72 of the Madras Hindu Religious Endowments Act, 1926 (Act II of 1927), the Local Government hereby make the following rules —

RULES.

Inquiries by the committee under the Act shall be made either by all the members acting together or when so authorized by the committee in a specific case or generally by regulations framed under clauses (*f*) and (*g*) of section 36 of the Act, by any one or more of them.

2. At any stage during the course of an inquiry the committee may, of its own motion, or at the request of any party to an inquiry issue summons to any person to give evidence as a witness or to produce any document in his possession or power and may examine him as a witness or require him to produce such document.

3. Every summons for the attendance of a person to give evidence or to produce a document shall specify the time and place at which and the day on which he is required to attend and also whether his attendance is required for the purpose of giving evidence or to produce a document or for both purposes; and any particular document, which the person summoned is called on to produce, shall be described with reasonable accuracy.

4. Any person present at the place of inquiry, may be required by the committee to give evidence or to produce any document then and there in his possession or power.

5. Whoever is summoned to appear and give evidence in an inquiry, shall attend on the day and at the time and place mentioned in the summons for that purpose and whoever is summoned to produce a document shall either attend to produce it or cause it to be produced at such time and place or cause such document to be sent to the committee by registered post so as to reach it at such time and place.

6. The summons shall be deemed to have been duly served on the person summoned if it is sent

by registered post and on acknowledgment or refusal thereof has been received.

7. Service shall, in all cases, be made in sufficient time before the date specified in the summons for the attendance of the person summoned to allow him a reasonable time for preparation and for travelling to the place at which the evidence is required.

8. A person summoned and attending shall, unless the committee otherwise directs, attend at each hearing until the inquiry is completed.

9. A person summoned either to give evidence or to produce a document shall, along with the summons be given such batta and travelling allowances as the committee shall fix, with the previous approval of the Board provided that no batta or travelling allowance shall be given if the person summoned is requested to appear at a place not more distant than three miles from his usual place of residence and no batta shall be given if such place is not more distant than ten miles from his usual place of residence.

10. No summons shall be issued at the instance of a party unless the party first pays to the committee such sum, as in its opinion is sufficient to defray the travelling and other expenses of the person summoned in passing to and from the place of inquiry and for one day's attendance.

11. When it is necessary to detain the person summoned for a longer period than one day the party at whose instance he was summoned shall pay to the committee such sum as it may fix to defray the expenses of such detention for such further period and in default of such deposit, the committee shall discharge the person summoned without requiring him to give evidence.

12 The petitioner has the right to begin unless the respondent admits the facts alleged by the petitioner and contends that either in point of law or on some additional facts alleged by the respondent the petitioner is not entitled to any part of the relief which he seeks in which case the respondent has the right to begin.

13 (1) On the day fixed for the hearing of the inquiry or on any other day to which the hearing is adjourned, the party, having the right to begin, shall state his case and produce his evidence in support of the issues which he is bound to prove.

(2) The other party shall then state his case and produce his evidence, if any, and may then address the committee generally on the whole case.

(3) The party beginning may then reply generally on the whole case.

14. Where there are several issues, the burden of proving some of which lies on the other party, the party beginning may, at his option, either produce his evidence on those issues or reserve it by way of answer to the evidence produced by the other party and in the latter case, the party beginning may produce evidence on those issues after the other party has produced all his evidence and the other party may then reply specially on the evidence so produced by the party beginning; but the party beginning shall then be entitled to reply generally on the whole case.

15. The evidence of each witness shall be taken down in full in writing in the language in which it is given, by the presiding member, or, where the committee is presided over by more than one member, by one of such members, and shall be signed by the presiding member or members as the case may be. The evidence shall, when completed, be read over or shown to the witness and signed by him. The presiding member or members, as the case may be, shall also record in the deposition that it was taken down by him or one of them and read over or shown to the witness and signed by him. Such depositions shall form part of the record.

16. Where the presiding member, or in case the committee is presided over by more than one member every such member, is unable to record the evidence as required in rule 15 he or they shall cause the reason of such disability to be recorded and direct that the evidence be taken down and signed by any other person in his or their presence. The presiding member or members, as the case may be, shall also add his or their signature at the foot of the deposition under a note to the effect that the deposition was written down in his or their presence.

17. (i) Where a witness is about to leave the jurisdiction of the committee or other sufficient cause is shown to the satisfaction of the committee why his evidence should be taken immediately the committee may, on the application of any party or of the witness, at any time after the institution of the inquiry, take the evidence of such witness in the manner herein before provided.

(ii) Where such evidence is not taken forthwith and in the presence of the parties, if any, such notice as the committee thinks sufficient of the day fixed for the examination shall be given to the parties, if any.

18. The committee may, at any stage of an inquiry, recall any witness who has been examined and may put such questions to him as it thinks fit.

19. The committee may, at any stage of an inquiry, inspect any property or thing concerning which any question may arise.

20 The committee may order that any fact or facts may be proved by affidavit, or that the affidavit of any witness may be read at the hearing, on such conditions as it considers reasonable; provided that where it appears to the committee that any party bona fide desires the production of a witness for cross-examination, and that such witness can be produced, an order shall not be made authorising the evidence of such witness to be given by affidavit.

21. (i) Upon any application, evidence may be given by affidavit but the committee may, at the instance of either party, order the attendance for cross-examination of the deponent.

(ii) Such attendance shall be at the place of inquiry, unless the deponent is exempted from personal appearance therein or the committee otherwise directs.

22. (i) Affidavits shall be confined to such facts as the deponent is able of his own knowledge to prove, except on interlocutory applications, on which statements of his belief may be admitted provided that the grounds thereof are stated.

(ii) The costs of every affidavit which shall unnecessarily set forth matters of hearsay or argumentative matter or copies of or extracts from documents shall (unless the committee otherwise directs) be paid for by the party filing the same.

23. If any person who is required to appear under rule 2, 8 or 18 or to produce a document fails to do so, and does not prove to the satisfaction of the committee that such failure was not wilful but arose from circumstances beyond his control, the committee shall report that fact to the President of the Board of Commissioners for Hindu Religious Endowments, Madras. If he is also satisfied that the failure on the part of the person in default was wilful such person shall be liable to a penalty not exceeding Rs. 100 for every such failure. The court shall on application by the President of the committee concerned and on production by him of the order of the President of the Board, recover the fine as if it had been imposed by the court against the person concerned.

ELECTION TO THE SYNDICATE.

(UNDER SECTION 19, CLASS II (2) OF THE ANDHRA UNIVERSITY ACT.)

Academic Council Constituency

Whereas a vacancy has occurred in the Syndicate consequent on the death of Mr S. Krishnaswami Ayyar and another vacancy will occur on the 11th May 1930 consequent on the retirement by efflux of time of the Rev Dr. J. Roy Strook, it is hereby notified that an election will be held to fill the vacancies by the Academic Council from among its members.

2. Under section 50, Chapter XXVIII (Elections to University Authorities) of the Andhra University Code, the election to the Syndicate by the Academic Council should ordinarily be held at a meeting of the Academic Council, it being understood that if undue delay will be caused thereby, a postal election should be ordered In view of the fact that it is not expected that the Academic Council will meet within a reasonable length of time to exercise its privilege of filling the vacancies and since if the election is postponed to a meeting of the Academic Council there will be undue delay in having a full Syndicate, the Vice-Chancellor has decided that the election to fill the two vacancies shall be conducted by post.

3. Each elector is at liberty to nominate as many duly qualified persons as there are vacancies. Every nomination shall be made by an elector in writing and shall be seconded by another elector. Every such nomination shall be accompanied by the consent in writing of the nominee to serve on the Syndicate, if elected. There is no prescribed form of nomination paper.

4. Nomination papers should be sent by registered post to the Registrar, Andhra University, Bezwada, so as to reach him not later than 11 a.m. on Friday, the 2nd May 1930. DEPARTMENT OF AGRICULTURE.

COTTON CROP OF 1929-30—FIFTH OR FINAL REPORT.

[On an average of the five years ending 1927-28, the area under cotton in the Madras Presidency has represented 9·8 per cent of the total area under cotton in India.]

The area sown with cotton in the Madras Presidency in 1929-30, is estimated at 2,476,500 acres against 2,467,400 acres as the corresponding date of last year and 2,467,200 acres in the February forecast report of the current year. The present estimate for the Presidency represents a decrease of 0·7 per cent over the final area of 2,495,118 acres in 1928-29.

2. Picking of cotton is in progress throughout the Presidency and will be finished by the end of this month.

3. Yields, normal or slightly above normal are expected in the Coimbatore tract (Guntur excepted), Anantapur, Cuddapah, South Arcot, Tanjore, Ramnad, Tinnevelly (irrigated cambodia only), and the West Coast. Yields below normal are expected in the other districts, the lowest being in Guntur.

The seasonal factor for the Presidency works out to 95 per cent of the average as against 91 per cent for irrigated cotton and 99 per cent for unirrigated cotton last year. On this basis, the yield works out at 509,100 bales of 400 lb. lint against 527,810 bales in the previous year, a decrease of about 3·5 per cent and against an average of 523,750 bales. It is, however, too early to estimate the yield with accuracy as much will depend upon the subsequent weather conditions for the second crop and the toll taken by insect pests.

4. The estimated area and yield under the several varieties are given below :—

[Area in hundreds of acres ; yield in hundreds of bales of 400 lb. lint.]
